Willingantia Lighting company. The matter of reduction in the price of gas and electricity has been prepared during past months by experts of the company and the new rates are deemed fair and will mean a saving to consumers in Willingantic. In the new gas rates the so-called geevete charge has been eliminated and rates have been reduced to all.

The new electrical rates take into consideration families who have installed labor-saving devices operated by electricity. In the new rate all houses are to be measured, taking in outside dimensions, and het area thus found muitiplied by the number of floors. To allow for partitions, etc., there is to be a reduction of 10 per cent. In areas less than 2.500 feet square, above that 4 per cent, per thousand. When the area is determined the consumer will pay 15 cents per kilowat hour for 1 1-2 kilowat hours, multiplied by the 100 square foot area of the house. This does not mean that the consumer must pay this rate, but he cannot get the 6c current until the required amount at 15c has been used, this last being a reduction of 1-2e per kilowat hour from the old rate. This gives the consumer as chance to save the 1-2c reduction plus the chaper rate, if sufficient current is used. The commercial rates also begin at 15c and work down to the 6c rate. In view of giving better service at a lower cost, the company has purchased tanks in which to store gas oil when prices are low, for saving if the price rises. This with new gas making machines and a new gas holder will insure greater service. New gas mains are also to be installed to enable the company to give better service to present and future consumers.

In eliminating the service charge as In eliminating the service charge as a separate item, the company has established a sot charge of \$6 cents for the first 100 cubic feet of gas used, 50 cents of which is for service.

dames Friety of Futnam was charged with being a cammon drunkard in the local police court Tuesday morning. He pleaded not guilty. A look into Friety's court record for 1921 shows that he was arrested and received two sentences for intoxication and breach of the peace, and lived at Brooklyn jail for 189 days. Since 1993 he had been in the local court 32 times, and how many more times in other piaces is not recorded. Friery said he had worked us attendant at the Middletown insane asylum, and the court called Middletown and found that Friery had worked there, but that they didn't want to see him again. # What every mother should know-

THE one subject nearest a mother's heart is the welfare of her children. It is during childhood that their health is most important.

Weak, under-nourished children seldom develop into vigorous, healthy men and women. Malnutrition produces anemic constitutions, liable to many diseases. Food is the most important factor in the development of children.

An interesting fact to every mother in America is this: Grape-Nuts, served with
